Instructions for Scholarship Recommendation Letters

Thank you for giving your time to provide a letter of recommendation for a student applying for an educational scholarship from the Jason Paul Cameron Foundation. Since 2006, the Foundation has awarded educational scholarships to deserving students pursuing a college education. For information about the Foundation, visit www.jpccfoundation.com.

When writing the letter, please describe as specifically as possible why you believe this student merits a scholarship award. Examples or stories illustrating the student's character, leadership qualities, and personality are helpful. When evaluating the applications, the scholarship committee considers the following: personal character; community, church, and school involvement; and desire of the student to make a difference. **We find it helpful to know to what extent this student is involved with and how they are serving within your organization or youth group each week.** The committee also considers the student's need for financial assistance to continue his education. Please honestly express your thoughts regarding this student. The recommendation letters are an important aspect of the scholarship application. The letters provide valuable insight to the scholarship committee as they review the applications.

Please seal the completed letter in an envelope, sign or initial the back flap and return it to the student. Please do not mail the letter, as they must be turned in with the student's application to the guidance office at the school. The envelopes will be opened by the scholarship committee only. Should you have any questions, please feel free to contact us. Again, thank you for your time.

Sincerely,

Cindy Cameron
